Prestige at milestone

Councillor Malcolm Smith, council leader Kuldip Sahota, press operator David Adams and company managing director Dhiren Dhulashia

Three brothers who run a Shropshire printing company are celebrating after the company reached its 25th anniversary.

Jay, Hitesh and Dhiren Dhulashia have run Telford-based Prestige Print for quarter of a century, first on Stafford Park but for the last 10 years on the Halesfield Industrial Estate.

To mark the occasion the company invited special guests to visit the printing works, meet the staff and inspect the wide range of services they offer. Also present were the managing directors of their new clients The SP Holding Group and Beyond Technologies, alongside several multi-national company representatives.
